---

Hi [\(b\) \(6\)](#)

Thanks for your email. I will reply with your document request on Thursday.  
Have a good 4th!  
Dave

Subject: Fwd: Fw: Deschutes River TMDL

To David Croxtion Re Letter relating to EPA's disapproval of Ecology's proposed TMDL Plan for the upper Deschutes River.

See attached transmittal note and then the letter identifying EPA's disapproval of subject plan. Could you please forward to me your written communications identifying the reasons for the "EPA Disapproval of Certain Elements of the Deschutes TMDL Plan" and also what EPA's next steps are in drafting the EPA proposed plan.

Our group of 20 retired professional engineers, scientist, and community leaders have been monitoring and seeking to provide input into the TMDL process for almost 10 years. We have had significant difference of opinion's with Ecology staff on the cause and best practices in addressing how our community can participate in meeting the TMDL objectives. We are very much interested in your comments and review of the science and potential solutions..

Please provide us with your information, findings and references. Thank you in advance for this information.
